Bargains!

What is a bargain? Not fraud, certainly, and stuff which one has no use for is dear at any price. To be a bargain, the goods offered as such should be something you want, and should be very low in price for the quality offered.

This we claim for the Bargains we now offer. And, right here, we want to say that we are not offering you goods or doing at prices which mean loss, in order to catch your trade.

We rely upon the merits of the goods we offer, the real value of which is really seen, and prove for themselves that they are just what we claim for them, very cheap and real goods.

We offer some special Bargains which must be seen to be appreciated. For instance, our **DOUBLE WIDTH DRESS GOODS** at 1/2 price, and they are going fast.

Our **line of Dress Prints** at 5c, and our **Double Width Dress Goods** at 1/2 price, and they are going fast.
